

## INSTRUCTIONS

1. Open Illustrator.
2. Set up the following dimensions: 1800px x 1800px.
3. Set an 1800px x 1800px square (hex code: #FFFFFF) as the entire background of the drawing.
4. Place an 820px x 820px square (hex code: #CCCCCC) in the center.
5. Place an 800px x 800px square (hex code: #666666) in the center of the previous square.
6. Create two, 120px x 120px squares (hex code: #999999) and place it in the top center of the previous square and in the bottom center of the previous square (should be aligned in the center together; do not cover the bottom squares)
7. Place a capital letter "S" in the middle of the squares in the font, Oswald – Regular (available in Google Fonts: <https://fonts.google.com/specimen/Oswald>) in font size: 395pts (hex code color: #FFFFFF).
8. Go to File — Export as .png with a white background color and email to me at [akwon5@gmu.edu](mailto:akwon5@gmu.edu).

---

*good luck! 😊*
